

Why Join CHEVA

The purpose of CHEVA is to support and encourage private Christian home education. We want to provide an active support group to help you as we all work to educate our children from home.

Our goal is to enrich your private Christian schools with our selected programs such as a science and art workshop, field trips, school pictures, Mom's Night Out, community service projects, and many other listed activities. We also want to provide fun and fellowship in our park days.

We hope to offer many different activities to meet your needs as God provides the means and the people. We invite and encourage member participation in all our activities. Only together can we work to benefit this membership.

CHEVA Membership includes access to a Members Only forum, which provides education, fellowship, and information. As members you can see the CHEVA activity calendar, which will provide a date, time, and location of each event planned.

CHEVA is a part of CHEA of California Support Network where we can give our members the latest in Legislative Help Tree Alerts.

We also are a member of the Home School Legal Defense Association's Group Discount Program. CHEVA members are eligible for a 17% member discount when they use CHEVA's discount number when applying to HSLDA.

If you are looking for an active Christian support group, We would love to have you as part of our CHEVA Family!
