

CHEVA Teens in Action is a teen group designed for the Jr. High & High School age members of CHEVA (Ages 12-18). We will be meeting once a month to create activities and service projects that will cater to our groups needs and desires.

One of our desires is to reach out to those around us by doing community service as a group of Christian Teens, who happen to be home schooled. This will allow us to grow in friendship as well as become caring leaders for the future. Community service hours can be used toward work resumes and college applications.

CHEVA Members may contact Beth Cordeiro through Private Message on the forum, if your child is interested in joining the CHEVA Teens in Action group. All of our Activities and Service projects will be posted on the CHEVA calendar.

Non-Members may [contact us Here](#) or use the Contact Us button if you have any questions about the CHEVA Teens in Action group or about CHEVA Membership.
